Your message to [Darren.Wilcox@myplace.ca](mailto:Darren.Wilcox@myplace.ca) couldn't be delivered.[Darren.Wilcox](#) wasn't found at [myplace.ca](#).

evanroz

Office 365

Darren.Wilcox

Action Required

Recipient

Unknown To address

### How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose **Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "**To send this message again, click here.**" Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click **Send**.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: [Fix email delivery issues for error code 5.1.10 in Office 365](#), and then send the message again. Retype the entire recipient address before selecting **Send**.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the **More Info for Email Admins** section below.

Was this helpful? [Send feedback to Microsoft](#).

### More Info for Email Admins

Status code: 550 5.1.10

This error occurs because the sender sent a message to an email address hosted by Office 365 but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

**The email address exists and is correct** - Confirm that the recipient address exists, is

correct, and is accepting messages.

**Synchronize your directories** - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

**Errant forwarding rule** - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

**Recipient has a valid license** - Make sure the recipient has an Office 365 license assigned to them. The recipient's email admin can use the Office 365 admin center to assign a license (Users > Active Users > select the recipient > Assigned License > Edit).

**Mail flow settings and MX records are not correct** - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see [Fix email delivery issues for error code 5.1.10 in Office 365](#).

Subject: Re: Laundry Services at 585 Corydon Ave  
Greetings,

I hope you're doing well.

Last Friday Thorwin agents came to my suite to identify a solution for the upcoming removal of laundry services and storage facilities with the goal of installing en suite laundry machines.

It has been 129 days since my previous email to you regarding this issue and I have not received any clarity on what your plan is.

The electrical system in my suite is from the 1950s, there is no storage space for a washer/dryer in the suite, and if there were some space with which to place the units it would require opening up the floor boards and extending the pipes.

My understanding is that Thorwin has full intention of removing the storage and laundry services, which I have paid for in my entire residency here, forcing a renovation on me that will negatively affect my quality of living through the day to day work, reducing my storage space capabilities, and of course, increasing the rent far above what it should be if provincial guidelines were followed in good faith.

I want to be clear that I do not want en suite laundry services and I do not want my storage space removed.

I look forward to hearing your solutions.

Thank you,  
Evan Rosner  
10-585 Corydon Ave

Greetings,

I'm looking for clarification of laundry services for this year. I expect the laundry and storage facilities to be removed. I would like to know what you have in mind for me as I

have signed our renewal, the electrical system and plumbing system in my suite will not be able to handle on suite laundry services, and I require storage space.

Keeping in mind that I have been a long term resident in good standing I would appreciate some consideration in this matter.

Thank you,  
Evan Rosner
